DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11, 21, 22, and 25-28 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-11, 21, 22, and 25-28 are allowable because of the apparatus with a first housing with a smooth bore first die passage, a second housing with a smooth bore second die passage receiving at least a portion of at least one of the first and second die, and the second die passage being configured to permit at least one of the first and second die rotate therein as set forth in the claims. None of the prior art cited discloses an apparatus that incorporates the use a first housing with a smooth bore first die passage, a second housing with a smooth bore second die passage receiving at least a portion of at least one of the first and second die, and the second die passage being configured to permit at least one of the first and second die rotate therein to allow the dies to optimally align with respect to each other and to the punch allowing the punch to punch with minimal friction. Therefore, in view of the Board decision, rendered 23 January 2003, and in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
